Dear Customers and Friends of L.M. Generating Power Co. Ltd

After 36 years of hard work and passion for the generator rental business, the founders of L.M. Generating Power Co. Ltd. have decided with heavy hearts to retire and leave the company legacy in the capable hands of Total Power Limited- another proudly Canadian owned company-.

We believe with the direction of the new management and the unrelenting efforts from all employees at L.M. Generating Power, the new owners will carry on with the stellar reputation that we have gained during these many years.

It is the dedication and commitment from our current staff that made this company successful and we assure you that the same quality of service can be expected moving forward.

Total Power is as passionate about customer services as we are and they look forward to growing and improving the business to better serve our loyal customers.

We take pride in the trustworthy company you know today and are grateful to all our customers and vendors for their support through the years. It is important to note that this transfer will be seamless and the new management is eager to build a strong relationship with all of you.

With sincere thanks and appreciation,

Luis, Mun and Pat
